

Orlando Summary (By Triffon Callos)

For the seventh consecutive season the Summit Country Day Baseball team will head south over spring break to compete in Orlando, Florida. The Silver Knights will play four Varsity and three JV games at Disney's Wide World of Sports Complex. The annual trip began in 2006 and has continued since. This spring the team will travel to Orlando from April 9-13.

The opportunity to play in Major League Facilities is one that most high school players are never lucky enough to have. This annual trip has helped prepare the team for the rest of our season as we typically play Division 1 and Division 2 schools.

In 2010, Summit Country Day was honored in a pre-game ceremony by the staff at Disney for attending for five consecutive seasons. Disney Baseball has provided our players, parents and coaching staff with a positive experience each spring!

Every player in the program shares this experience. Many parents have also made this an annual trip. Each year the players, parents and coaches always look forward to the week in Orlando.

I feel this trip is not only a great baseball experience, but brings our team closer as a whole. The players are able to spend quality time with their teammates when they are not on the diamond. We seem to come back to Cincinnati as a closer-knit squad after this trip.
